

PUBLISHED BY THE AERONAUTICAL CHART AND INFORMATION CENTER
UNITED STATES AIR FORCE
1971

NOTE: It is required that all users of this chart make basic corrections and conform the chart to the latest revision of the standard parallels. Grid selection and projection are based on the GRS 1963 ellipsoid. The chart may be used in its present form.

NOTE: This chart is based on the GRS 1963 ellipsoid, i.e., it does not have the standard values of grid constants. Grid selection and projection are based on the GRS 1963 ellipsoid. The chart may be used in its present form.

Line of constant grid selection: GV 10°W

Latitude Conformal Conic Projection, Standard Parallels
P=40°N, Q=30°N, R=20°N, S=10°N

Convergence Factor 39365
